

Part II: How free market principles demonstrably win in healthcare

Greetings!

Part I of Trenton Schmale's **rebuttal to single-payer** advocate Dr. Richard Feldman revealed the vast influence governmental regulations historically have had on healthcare policy, resulting in the problems we face today.

In Part II, Dr. Schmale shows how free market principles repeatedly result in better quality care, lower costs, and greater access to healthcare--*actual services*, not just 'coverage'--for people across the country.

"Free market solutions to the problems of increasing healthcare costs, lack of price transparency, and diminishing insurance coverage already exist. Medical pricing transparency is increasing, and patients armed with this knowledge are advocating for themselves at local medical services, including hospitals."

~Trenton Schmale, DO in Part II on free market healthcare

PART II: Why free market healthcare is so successful

WHY DOES BRI MAKE A DIFFERENCE FOR MEDICAL STUDENTS?

NexGenMed #8: Andrew Widener

Andrew Widener, MS1 from McGovern Medical School in Houston, TX, is a great example of how medical students are making a difference not only in medical study and training, but also on campus, promoting thoughtful healthcare policy debate.

#8 ANDREW WIDENER
McGovern Medical School

"Benjamin Rush Institute brings people of differing viewpoints together for a productive discussion about healthcare policy."

NEXGENMED

"Benjamin Rush Institute brings people of differing viewpoints together for a productive discussion about healthcare policy."

~Andrew Widener, MS1, McGovern Medical School

As a student leader, Andrew discusses best practices for running a successful BRI chapter. In his volunteer work at MITIE|Houston (Methodist Institute for Technology, Innovation & Education), he talks about his involvement in advancing medical training.

MARIAN UNIVERSITY BRI STUDENT LEADERS . . . WHERE ARE THEY NOW?

Trenton Schmale, Jeremy Vollmer and
Andrew Zabel @ MUCOM graduation

Trenton Schmale, DO was the BRI chapter founder and past president at Marian University College of Osteopathic Medicine, and has been involved at chapter, local and state levels in healthcare policy all through his medical training. He is now in residency at Ball Memorial Hospital in Muncie, Indiana.

Jeremy Vollmer, DO is in residency at Family medicine at St. Anthony's in Westminster, Colorado.

Andrew Zabel, DO will be doing a transitional year in El Paso, Texas with the Army

*Thank you for being such an integral part of Benjamin Rush Institute!
We wish each of you every success in your careers.*
