

## **Meet Mark Russo, Esq. ~ a man who explains in plain language how healthcare costs got so Out of Control.**

**Greetings!**

September 14, 2015

Kristy Lynn Hawley, BRI leader emeritus from George Washington University School of Medicine was among 10 BRI Student Leaders who participated in the 2nd annual FMMA Free Market Medicine Conference in Oklahoma City, OK this past August. As part of their full scholarships, the students agreed to summarize a talk or highlight a speaker so as to share what they learned with everyone who could not be there.

Kristy's speaker of choice was Mark Russo, Esq. of The Phia Group, a law firm offering comprehensive claims recovery and consulting services designed to control healthcare costs. His detailed and logical explanation of how and why healthcare costs are so out of control was truly illuminating. We think you'll enjoy reading Kristy's post on BRI's blog.

*Mark Russo, Esq. of The Phia Group shared an illuminating talk on the how's and why's of today's exorbitant healthcare costs.*

*At the FMMA Conference, 10 BRI students were also enlightened as to possible solutions.*

***Read Kristy's blog post for the inside scoop on why***

**healthcare costs are out of control.**

**Donations & Memberships -- EXTENDED through September!**

**BRI  
Donations &  
Membership**

In order to save money, streamline operations and limit the number of membership drives we send out each year, BRI memberships run August to August, in conjunction with the average medical school year.

**Please take a moment to renew your BRI membership right now.** We would not exist if it were not for members like you who believe in what BRI stands for, and who are willing to give of their time, talent and treasure to help advance healthcare freedom. **Your contributions help people like Kristy attend important conferences like FMMA.** Thank you!
