

## Understanding economics is key to understanding healthcare policy. Zach Howell explains.

### Greetings!

It takes something to admit that you don't know the answer. It takes even more to find out the answer and understand it.

Zach Howell from the University of Delaware--BRI's second undergraduate student-- will be attending Sidney Kimmel Medical College at Thomas Jefferson University in the fall. Zach took it upon himself to understand just one emerging aspect of healthcare reform: Price Transparency.

From this, he extrapolated a 3-part blog series explaining how various free market economic principles are crucial to transforming healthcare to provide the best care to the most people at the lowest prices.

*The first two parts are published on BRI's website:*

**Part I: Economic principles drive the best healthcare delivery systems**

**Part 2: The Socialist Incentive Problem in Healthcare**

Dr. Beth Haynes on Next Generation Medicine

Dr. Beth Haynes addresses The Conservative Forum of Silicon Valley (CFSV) & is interviewed on The Right Side public access tv program

Dr. Haynes spoke in Mt. View, CA on January 10, 2017 to a group of almost 200 people. Her talk, *Next Generation Medicine*, explained the results of burdensome and often irrational regulations in the healthcare industry that adversely affect doctors, patients, medical staff and medical students.

Prior to her appearance at CFSV, she was interviewed on the public access tv program *The Right Side*.

## Conservative Forum of Silicon Valley presentation The Right Side Interview

BRI is grateful to The Conservative Forum of Silicon Valley for the opportunity to introduce the community to BRI, and for their generous support of our recent Leadership Conference in Saint Louis.

### Do you recognize this date?

This is when your BRI membership expires! We hope that it's a date way out in the future. But if it has already passed, please be sure to join up today!

If you have any questions about your membership please do not hesitate to contact Charlotte at [ccmonte@gmail.com](mailto:ccmonte@gmail.com).

## Join or Donate Today!

We are inspired every day by the brilliant medical students who participate with us, often in the face of really daunting obstacles like interference with free speech, intimidation and forced, biased "electives."

We need to stay strong to help them stay strong. We can only do that with your support and participation. Thank you for all you do.

In partnership,

Beth Haynes, MD  
Executive Director
